Important Safety Instructions

When installing or using this LED panel light, basic safety precautions should always be followed, including the following:

1. Read all instructions carefully before commencing installation.
2. Turn off power before installation or before doing any maintenance work.
3. This is a class II luminaire, double insulated, no earth required.
4. For indoor ceiling and wall installation only. Do not install the product in any other locations. Do not install this track in damp or wet locations.
5. Do not cover this luminaire or driver with insulation materials. Ensure that there is a minimum of 10cm clearance around the luminaire to allow sufficient air circulation.
6. Do not exceed the normal supply voltage or amperage ratings.
7. This luminaire is supplied with a remote non-dimmable driver which is fixed output as standard.
8. The LED light fitted in this product are non-replaceable, the whole luminaire must be replaced when the LED reaches the end of its life.
9. This luminaire should be recessed into a flat, smooth surface. Ensure that the mounting area is clean and free from any obstructions. The installation must not infringe on gas/water pipes or any other electrical cables or services which may be hidden behind the ceiling.

Product Specification

Product Code	240001	240002
Material	Aluminium + PC	
Finish	Matt White	Matt Black
Wattage	4W	
Light Source	SMD LED Integrated (Non-replaceable)	
Beam Angle	120°	
Colour Temperature	3000K, 4000K, 6000K Selectable	
Luminous Flux	280 lm	
CRI	Ra80	
Dimmable	No	
Protection Class	Class 2 (Double Insulated)	
IP Rating	IP20	
Input Voltage	AC 240V 50Hz	
Dimension	85 x 85mm	
Cutout	75 x 75mm	

Product Warranty

This product is covered by a 3 year replacement warranty. Contact your place or purchase for a replacement in the unlikely event of product failure within the warranty period.

Warranty void if safety instructions and and installation procedures are not followed or if the product has been modified.

Care and Maintenance

Always be certain that electric current is turned off before cleaning this item

Use a soft, moist cloth with mild non-abrasive soap to clean fixture. Never use glass cleaner on fixture, as it will damage the metal finish.

Disposal

This product must not be disposed of with the household refuse at the end of its life cycle. Take it to your local disposal centre for electrical and electronic waste.
